

Sewing thread self-service

Sewing threads from Gütermann creativ are notable for the excellent colour selection and the highest quality. State-of-the-art production processes and the processing of high-quality raw materials guarantee sewing threads with optimum stitching properties. All sewing threads are offered on uniform reels with different lengths, integrated thread tie-off device and EAN coding. Specially developed reel labels prevent peeling when inserting the reels onto the sewing machine spool mandrel.

The Gütermann self-service sewing threads ensure a clear and space-saving product placement on the display wall due to uniform sizes for almost all self-service cards. Through individual combinations of different products, the range can easily be adapted to the requirements at the POS and flexibly modified.

- Price bracket for simple allocation of prices

- Euro-standard holes for the presentation on all standard display wall hooks

- Uniform card size for almost all products: 49 x 105 mm

- Product labelling in 10 languages, 5 of them on the front

- Clear blister cover for protection

- Running length per reel

- International product labeling in English

- Colour coding for easy differentiation of the products

- EAN code, item number, and colour number

- Raw materials
- Care instructions

- Made in information

- Product labelling in 10 languages, 5 of them on the reverse

- Green Dot for environmentally-friendly recycling of the packaging

Sew-all Thread No. 100

100m

- for fine ornamental stitches and decorative seams
- recommended needle and needle size: Universal Needle NM 70 – 90

Sew-all Thread

The Gütermann creativ Sew-all Thread is the correct sewing thread for all materials and seams. It is exceptionally suitable for stitching with the sewing machine and by hand, regardless of the stitch type – the Sew-all Thread is designed to handle all demands.

This particularly high-quality and uniform sewing thread guarantees optimal sewing without fiber lint and seam crimping with the finest needles, from needle size NM 60. Strong and durable seams result from the high tear and abrasion resistance of the sewing thread. The brilliant colours with silk-like gloss lend the seam a high-quality and elegant appearance.

The Sew-all Thread impresses with its high quality and extensive colour selection in different lengths.

Benefits

- made in Germany
- for all materials and seams
- no fiber lint with sewing
- tear-resistant with more than 50 % seam resistance reserve
- for sewing with the sewing machine and by hand
- no thick and thin locations, optimal stitch security
- for sewing with the finest needles, from needle size NM 60
- no twisting of the sewing thread
- exceptional wear resistance
- elastic and extendible
- particularly soft and supple
- light-resistant and colour-fast
- brilliant colours with silk-like gloss
- excellent and extensive colour selection
- high-quality raw material
